

## MCV/MHF 4U Classroom Expectations

Mrs. K. Ryan

September 2018

### 1) Washroom:

Students are NOT permitted to go to the washroom during instructional time. During independent working time, students may ask permission to go to the washroom. Any absence longer than five minutes will result in the loss of washroom privileges for the remainder of the semester. No more than one student may leave at the same time, as a hall pass is required.

### 2) Homework:

Students will be assigned work at the end of the lesson each day. Students can expect to have 30 to 45 minutes of homework each night to reinforce the concepts covered in the lesson. **Completion of homework is essential to earn the opportunity to reassess learning goals!**

### 3) Disruptive Behaviour:

Disruptive behaviour constitutes any form of behaviour that interrupts the learning of the other students in the room. Students will be given a verbal warning initially. If the behaviour continues, the student will be dismissed to the hallway or the office.

### 4) Food and Drink:

In accordance with the policy at Sandwich Secondary School, food and drink, with the exception of bottled water, are not permitted in the classroom.

### 5) Personal Electronic Devices:

In accordance with the policy at Sandwich Secondary School, personal electronic devices (iPods, cell phones, smart watches, etc.) are not permitted in the classroom without the consent of the teacher. If a student is found using an electronic device in class without permission, it will be confiscated, and they will have to pick it up at the office at the end of the day. **Any student found using an electronic device during a test or quiz will receive a mark of zero!**

### 6) Backpacks:

In accordance with the policies in place at Sandwich Secondary School, any objects that will not fit in the basket under the desk, including backpacks, are not allowed to enter the classroom.

**7) Missed Tests:**

In accordance with the policy set out by the mathematics department, one missed test will be allowed with a make up test being written the day that the student returns to school. Any subsequent test days missed will require official documentation. **Without documentation, a mark of zero will be issued.**

**If a student is truant for a test, a mark of zero will be issued.**

**It is always better to plan ahead! If you know that you will be absent for a test, make arrangements BEFORE the absence.**

**9) Preparedness**

Students are expected to come to class each day on time with all required materials. Scrap paper and spare pencils will be available for students who are unprepared. They are to quietly take the supplies that they need. All pencils are to be returned at the end of class. Calculators are imperative on test days. **The teacher will NOT provide students with a calculator for the test.**

**The course website is readily accessible and Mrs. Ryan can be contacted easily if issues arise. Please take advantage of these opportunities to ensure a positive learning experience! Remember, you are headed off to university next year, so now is the time to take ownership of your learning journey!**

**I have read and understood the above.**
